Thank you for continuing to help working equines and the communities which rely on them. We have an exciting mix of activities lined up for you to take part in this year. We hope you enjoy some of them!
This summer, Brooke is hosting our first ever photo competition. The premise is simple: submit a photo of your horse, or a horse in the wild, for your chance to win amazing prizes which include, but are not limited to, a beginner’s course in photography, donated by Photography Course London, or your very own masterclass with famous equestrian photographer Matthew Seed.

To submit your entry today and for more information, visit www.thebrooke.org/photo.

The competition opens on 1 May and runs until 2 September.

"More than half of Brooke's work to improve the lives of working animals, and the families who depend on them, is made possible by gifts in Wills... If that surprised you, it might also surprise others?" Harriet Langston, Senior Legacy Officer

Helping supporters in your area understand the surprising difference a gift in a Will can make could help us spread the word. Find out how:
